Dear members of the TRA,

My name is Karen Farmer. I am the wife of Jason Farmer (378795) of the Morgan site (Annex) of Brushy Mountain Correctional Complex. I am e-mailing to reinforce what I have stated earlier about the raising of the cost of the phone calls for my husband to call home. We are financially challenged and we can't afford to have the prices for the calls to be raised. It is very important that the inmates of the prison system and county facilities stay in contact with their families. Otherwise, they will give up and would return to those facilities once they are released. The main focus is to make sure that the inmates have contact with their families for support and have something to fight for while they are incarcerated. Thank you for taking the time to hear my concerns and feelings about this issue. Please keep the inmates and their families in touch by telephone conversations, we are so very important to one another.

Sincerely,  
Karen Farmer
